# F689 SOLVENT

**A clear solvent recommended for thinning and cleaning most extremely flammable Formica contact adhesives.**

### *Benefits*

- Fast Drying
- Non ozone depleting
- Contaminant free

### *Specifications*

- Base: Blend of Hydrocarbons and ketones
- Viscosity: Like water
- Weight/Gal: 6.41 lbs
- Shelf Life: 1 year minimum
- Color: Water clear
- Packaging: Drums, pails, Gallons

### *Handling & Storage*

Consult the Material Safety Data Sheet prior to use.

Keep container closed tightly when not in use.

Liquid and vapor are extremely flammable.

### *Application*

In thinning adhesive, add a small quantity of solvent while thoroughly mixing until the desired consistency is reached. Be careful not to add too much solvent and/or add solvent too fast.

In cleaning adhesive off substrates, DO NOT flood the area with solvent as it can work into seams and soften the adhesive and cause delamination. Use a cloth that is saturated with solvent, but not dripping. Keep the solvent exposure to edges and seams of the lamination at a minimum to avoid softening the bond line.

Can also be used for cleaning brushes, rollers, equipment parts and for flushing through spray lines and spray guns.

NOTICE TO PURCHASER: The information, data and suggestions for use of the materials given here are based on our best experience and knowledge, but we do not guarantee the results to be obtained in customer's processes. The products discussed are sold without any warranty regarding merchantability or fitness for a particular purpose or any other warranty express or implied. Before using, user shall determine the suitability of the product for his intended use, and user assumes all risk and liability whatsoever in connection therewith. Neither seller nor manufacturer shall be liable for any injury, loss or damage, direct or consequential, arising out of the use of or the inability to use the product. Sellers and manufacturers only obligation shall be to replace such quantity of the product proved to be defective. Since the manufacturer of the product described in this technical data sheet has no means of controlling the final use of the product by the consumer or user, it is the responsibility of the immediate purchaser and any intermediate seller or sellers to inform the user of the purposes for which the product may be fit and suitable, and of the properties of the product, including the precautionary measures which must be taken in order to insure the safety of the user and of other third persons and property.
